9 October 2023

Dear Sir/Madam,

Jonas Sajonas is a dedicated and enthusiastic student with an exceptional work ethic. Jonas has been an active participant in the Griffith Sciences Professional Learning for University Students (PLUS) program in 2023, achieving the highest level in the program, ICT PLUS, in September 2023. He has demonstrated exceptional commitment to his ongoing personal and professional development.

Griffith Sciences designed the ICT PLUS program to inspire highly engaged students to explore and document their experiences in professional development and career readiness context. Jonas demonstrated a significant commitment to the program's aims and created a comprehensive portfolio to demonstrate his professional skills and solid disciplinary knowledge. Jonas' s confident and timely approach to this activity is impressive. His portfolio delivers strong insight into his positive outlook on study, work and life. It provides evidence of his genuine enthusiasm to make a positive contribution within the ICT Industry.

Jonas is an accomplished professional, having previously worked for ten years as a Registered Nurse (Peri-Operative Nurse). He is to be commended for undertaking his Bachelor of Information Technology professional qualifications in pursuit of his aspirational career goals.

Jonas has had multiple opportunities to enhance his skills through practice-based projects, workshops and seminars and he has developed innovative solutions to address diverse challenges. His genuine dedication to explore new ideas in the context of his expertise as an aspiring ICT software developer is evident in every project showcased in his Portfolio, as is his creativity and curiosity. Jonas has been an active and engaging member of the Griffith Sciences PLUS cohort. His honest and insightful reflections of his experiences are evidence of his high-level interpersonal and communication skills, his self-awareness and professional maturity.

It is my pleasure to provide this recommendation for Jonas. He has a consistently positive approach to his work and study and is an active and enthusiastic participant, leader and team member in all settings. I believe he will be an asset to any organisation, and I wish him the very best for the future.

Yours sincerely,

Professor Neal Menzies
